Henry Hessel has the thanks of the Sentinel gang for a basket of fine apples. Our printers are best judges of fruit than the combined committees of a county fair, and they give these apples the red ribbon.

The several Committees appointed in the interests of the coming year, are working hard to make it a success. Invitations have been sent to many distinguished dignitaries and the leading soldiers of the land.

Forty-three new subscribers last week, shows that the Sentinel is appreciated. Business men may make a note of this, and place their advertisements where most people will read them.

Joe Lane, chief justice, of Buchtel, on his way yesterday to the Portsmouth reunion, made us a pleasant call. He reports Buchtel very quiet, only three cases nightly before his court.

Ed Scanlan objects to the Mikado pictures for the Lancaster fair. He says he can not definitely locate Mr. Pleasant. The Japanese fan, he says, obscures the sight of that romantic hill-top.

Mr. Albert Becker, the Popular Tailor, comes to the front this week with a new advertisement. He puts out nothing but first class work, and we take great pleasure in recommending him to the public.

The advertisement of Martin Weiss, the old established merchant Tailor, will be found in this issue of the Sentinel. Mr. Weiss has identified himself with the business in great of the town and sustains himself by the reliability of his work.

Kinile & Son are busy making Boots and Shoes on orders from customers. Their custom work is warranted to fit and to be of the finest quality of workmanship and material.

We would call the attention of our readers to the advertisement of Frank Blasius. The representation set forth in it is reliable. Mr. Blasius too well known to our readers to need an extended notice, but when you want anything in his line do not fail to visit his place.

We are in receipt of a letter from Andy V. Crawford at Monday. Andy says he is pleasantly located and will be associated the coming winter with Miss May Clark, of this city, and Miss Jennie Bodnot, of Carbon Hill, who have also been employed as teachers in the schools at that place.

Mr. Ed. Scanlan has built a very handsome fountain of conglomerate stone, on the Depot Hotel park. It looks as though it had just fell there, not made by human hands, but dropped down from the moon by the fairies.

Mrs. Milner has been sick for a number of weeks, and was a most estimable lady. The remains of the deceased will be buried at this place this afternoon.

The public schools in this place opened Monday and now that the heat and burden of the first day is past, we possibly echo the sentiment of a suffering community, when we thank God, there will be no more books, paper, slates, pens and pencils to buy for at least another month. The opening day at school is getting to be a notable occasion, as it were, and the truthful historian in coming ages may be impelled to write: "That in those days there was no moderation in the cussin' when the great celebration was on."

Master Willie Nunnemaker, one of the handsomest little boys of Marion, accompanied by his father, made us a pleasant visit yesterday. Willie is the champion cherry picker of Marion, and was delighted to see our boys pick types with fingers as nimble as the Marion township boys employ in gathering cherries and blackberries.

Col. Von Lepmer, of Westphalia, is noted by the Columbus press as a visitor in that city last week, inspecting various State institutions, and an interested visitor at the State Fair. The hearing of the case occupied several weeks. The referee has rendered a judgment in favor of Mr. Johnston for about 160.00. Mr. Johnston proposes suing the company for damages resulting from the suit.

N. J. Weiland thinks the Sentinel man don't know a good thing when he finds it. Perhaps not. He has been told that Nick keeps the best beer in town. He is persuaded of that fact by the crowds that visit his rooms. He will bet money on it because he has wrestled with a schooner himself at that place. If you want something good see Mr. Weiland.

Mr. Joe Kessler is now prepared to furnish fresh Oysters by the can, at prices to suit all who may come. Mr. Kessler's parlors have long been the most popular resort in the city. This is due to the very excellent manner in which his oysters are served. Guests are kindly received and tendered all the attention that one could ask. Do not forget that Joe Kessler keeps fresh oysters on ice, and ready to serve or furnish them in any quantity you may want.

Our reporter visited Jacob Fox's well known West End resort last Tuesday and found the proprietor busily engaged in shaping things up and getting the establishment in apple pie order. There is probably not a place in town that has a better run of custom, or is more popular with the masses than this. Jacob always handles the best beer in the market. Keeps his place quiet and orderly and is thoughtful of the comfort of all visitors. You should know Mr. Fox. If you do not, go on.

It seems strange that people who are admirers of handsome pictures and are all the time devising means to make the best selections, should not visit McLain & Childier and see some of the work they are doing. The steel engravings of prominent men and historic scenes, are eternally calling for praise, while right in our midst we have artists that are turning out work that compares with these in finish, and so cheap that none need be without them. If you have a picture of a friend it matters not whether a tin type, ambro-type or photograph, it can be enlarged to life size if desired. Go and see their work. It is unequalled.

Another Man Who Don't Take the Paper.

About two weeks ago a man named James Campbell of Perry township, signed his name to a "contract allowing a combination fence" to be exhibited on his farm. Campbell had not been a reader of the county papers, which are constantly advising the people of the country to be careful how they put their names down on paper presented by strangers. The upshot of Campbell's signing was that a note of \$200.00 was presented to him, and to avoid trouble and a law suit he paid it.

Mr. Basil Gordon, of near Logan, is in about the same kind of scrape. He signed a paper authorizing agents for the combination fence to exhibit one on his farm. The fence has come on and Mr. Gordon was notified to call and get it.

The man with the note for \$200.00 has not yet appeared, but he will be on time.

MONAL—Subscribe for your county papers, which keep you advised on swindling operations, and don't sign your name to a paper presented by strangers.

SCHOOL SUPPLIES.

This is the time of year when the boys and girls have to be provided with books, stationery and other school supplies. It should not be forgotten that Miller & Case, the reliable dealers, have laid in a large stock of everything needed in a school room. Call and see them.

CHAS. BONE, P. M.

Terrible Accident.

Yesterday evening John Fields, residing in the east end of town, boarded a coal train bound for Straitsville, intending to leave the train when it came down close to his home. Contrary to his expectation, the train was running too fast for him to get off when it passed through the eastern suburbs and he was carried to New Straitsville. At that place he was thrown from the train and fatally injured. His right leg was fractured from the knee down, his left hip broken, the flesh of one cheek torn loose, entirely exposing the eye, and the cheek bone completely knocked off. Fields is still alive at this writing and in charge of Dr. Campbell. He was brought to his home in this place this morning.
